

UOC Labs rates 2025-2026

Types of rates:

Internal (T1)	For UOC staff
Non-profit institutions (T2)	For non-profit institutions
External (T3)	For other institutions and companies

Details

These rates will be valid from 4 April 2025 and until they are updated. They are ex VAT.

Rates for services are per hour and for equipment loans are per day.

These rates were approved by the FUOC Board of Trustees on 03/04/2025.

Note: These rates have been set for external users (from other institutions or companies). Internally, the rates will only be applied in those cases where they can be charged to an external research and knowledge transfer project, in accordance with the corresponding regulations. However, this will not be possible until the internal procedures have been designed and approved to ensure that this allocation is deemed legally valid by the funding bodies.

Audiovisual & Sound Lab

Service	T1	T2	T3
