# IAU SDG3 Cluster Workshop Agenda

Catalysing collaboration for an integrated approach to health, in support of equity and wellbeing worldwide.

Date: March 7-9, 2023   **Location:** Can Jaumandreu and Interdisciplinary RI Hub, Universitat Oberta de Catalunya, Barcelona, Spain

Aims of the workshop

- To connect and get to know cluster members and their institutions more deeply.
- To share knowledge on key cluster priority areas.
- To create a space for members to identify areas of collaboration and institutional exchanges.

Expected outputs and outcomes

✓ Information sharing, learning and relationship building between members, institutions, and guests.

✓ A better understanding of how members are currently incorporating SDG3 and the SDGs more widely in their institutions and opportunities for potential collaboration.

✓ A white paper summarising the outputs of the conversations and roundtables.

✓ Summary of the ideas for future collaboration that have emerged (focused on the four SDG3 cluster activity areas: information sharing and learning, joint communication and advocacy, institutional exchanges, and cross cluster/sector engagement).
