Your Paper Your Way offers you the option to upload your manuscript in one file and in any layout. The file can be PDF file or MS Word but all manuscript components should be included to allow referees to evaluate your manuscript. References can be in any style, as long as they are complete and consistent. Figures need to be high enough quality for refereeing. If you prefer to do so, you may still provide all or some of the source files at the initial submission. See the Guide for Authors on the top menu for more details of the journal's requirements.
